# Certificate III in School-Based Education Support

## A Foundation-Level Qualification for Teacher Aides

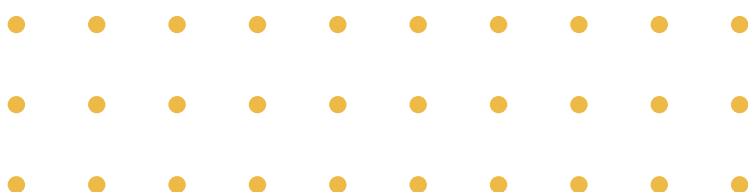

ITAC's CHC30221 Certificate III in School-Based Education Support is an introductory qualification for those beginning their careers as teacher aides. This course integrates 15 traditional units into three practical, work-focused modules, enabling completion in around 6 months—half the duration of most other programs. You'll gain essential knowledge to effectively assist teachers, support student learning, and manage classroom activities in Australian schools.

The Certificate III covers core topics such as literacy and numeracy support, classroom management, and following school policies and safety procedures. Assessments include short-answer questions and practical workplace-based tasks. A mandatory 100-hour school placement provides valuable hands-on experience, helping you build confidence and directly enhancing your employment prospects. The program typically takes around 6 months, but an 18-month flexible enrolment window allows you to study at your own pace.

# Certificate IV in School-Based Education Support

## Specialised Qualification for Education Support Roles

ITAC's CHC40221 Certificate IV in School-Based Education Support is ideal for individuals aiming to support students with disabilities, disorders, or additional needs. The course condenses 17 traditional units into four streamlined, practical modules, allowing completion in around 6 months—approximately half the duration of similar qualifications. You'll develop specialised knowledge and practical techniques essential for working effectively with diverse student populations.

Key topics include implementing individual education plans (IEPs), behaviour management strategies, inclusive practices, and adapting resources for varied learning requirements. Assessments focus on workplace-relevant tasks and short-answer questions, combined with a compulsory 100-hour school placement. This structured placement offers direct, practical experience, significantly increasing your job readiness and employability. Flexible enrolment up to 18 months allows you to study at a comfortable pace around your commitments.

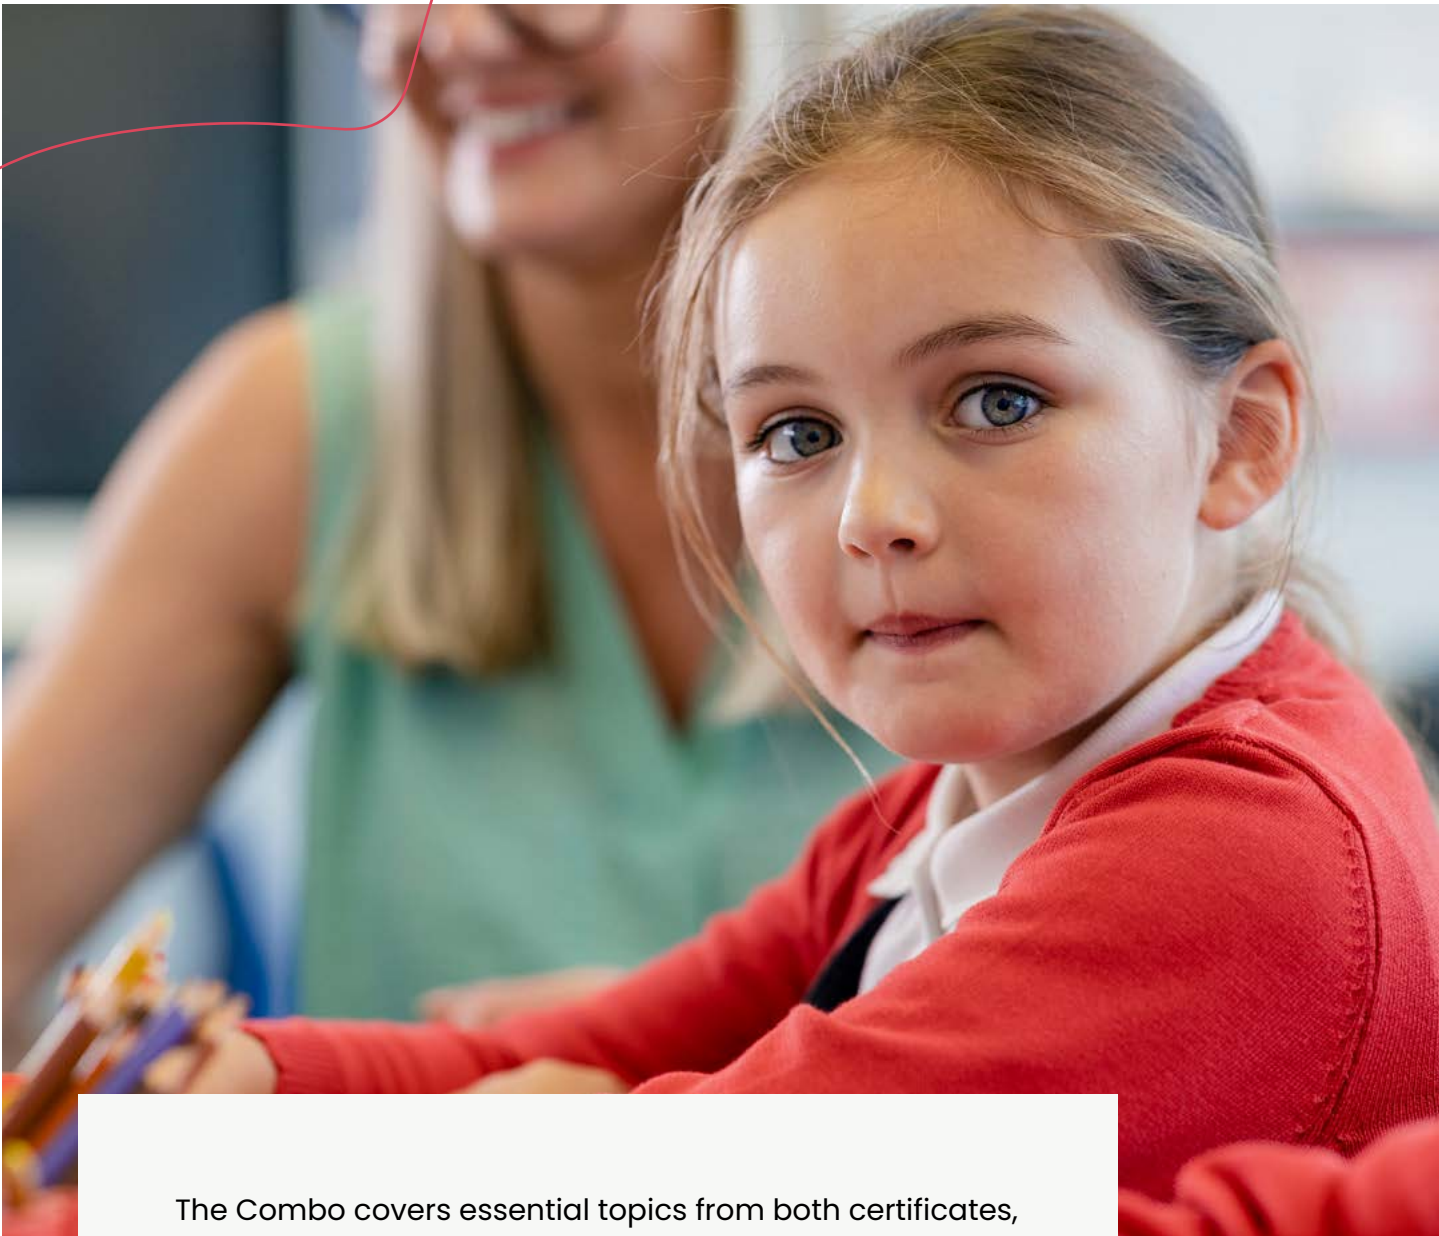

# Education Support Combo (Cert III + Cert IV)

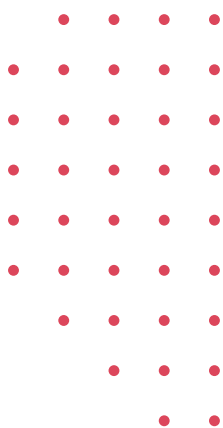

## Two Qualifications, Half the Time

ITAC's Education Support Combo combines the CHC30221 Certificate III and CHC40221 Certificate IV in School-Based Education Support into a single, streamlined program. Graduate in about 6 months, significantly faster than completing two separate qualifications elsewhere. You'll develop a versatile skill set, making you highly competitive for a wide range of roles supporting students in mainstream and specialised education settings.

The Combo covers essential topics from both certificates, including literacy and numeracy support, classroom management, and strategies for assisting students with additional learning needs. Assessments involve short-answer activities and practical tasks closely linked to real classroom scenarios. A compulsory 100-hour placement gives you valuable hands-on experience and practical skills, boosting your employability. With an 18-month flexible enrolment period, you can adapt your study schedule around personal circumstances.

# Certificate III in Early Childhood Education and Care

## Your Entry-Level Childcare Qualification

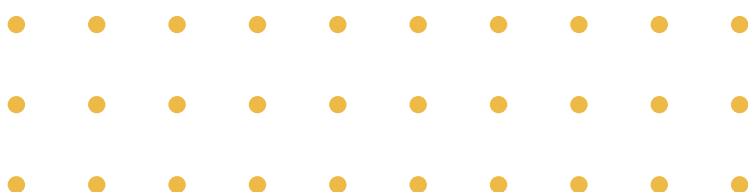

ITAC's CHC30121 Certificate III in Early Childhood Education and Care is ideal for those entering childcare careers. Our integrated course condenses 17 traditional units into three practical, workplace-focused modules, enabling completion in around 6 months—half the duration of most equivalent programs. You'll acquire the foundational skills necessary to support children's early learning, development, and wellbeing.

Key topics include supporting play-based learning, child health and safety practices, and developing positive relationships with young children. Assessments are practical and workplace-aligned, incorporating short-answer questions and relevant tasks. A structured 160-hour placement within a registered childcare service provides critical hands-on experience, boosting your confidence and employment prospects. With an 18-month enrolment window, the program allows you flexibility to match your individual learning pace.

# Diploma of Early Childhood Education and Care

## Qualify for Leadership Roles in Childcare

ITAC's CHC50121 Diploma of Early Childhood Education and Care prepares you for leadership and management positions in childcare centres. The integrated structure enables completion in around 6 months—considerably faster than typical diploma programs of 12 months or longer. You'll develop the skills necessary to effectively plan, implement, and oversee high-quality early childhood education programs.

This diploma covers key areas such as curriculum planning, child development theories, managing health and safety, and leadership in childcare environments. Assessments involve practical workplace-based tasks and short-answer activities. A structured placement component provides essential hands-on leadership experience, ensuring you're ready to take on supervisory responsibilities. Flexible enrolment of up to 18 months accommodates various learning speeds and schedules.

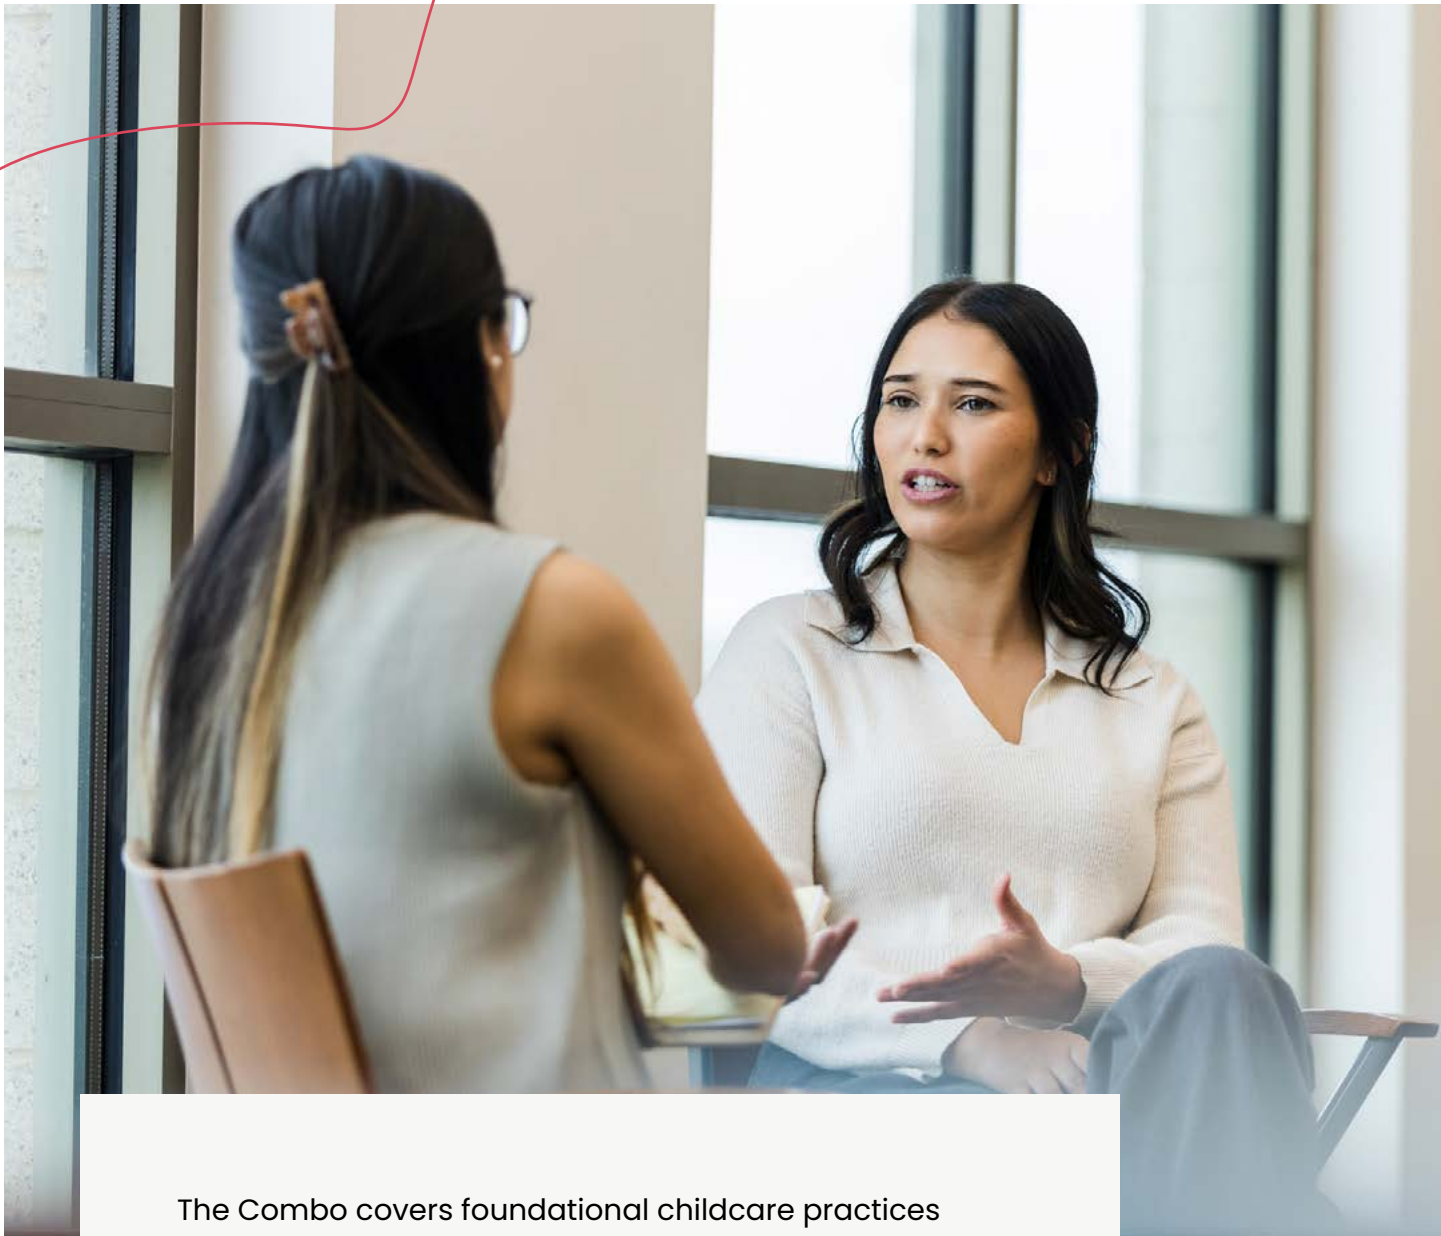

# Early Childhood Education and Care Combo (Cert III + Diploma)

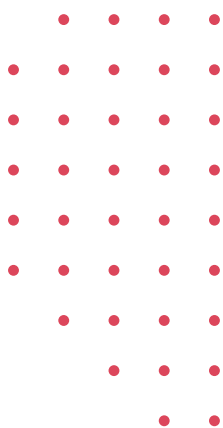

## Become Qualified for Any Role in Childcare

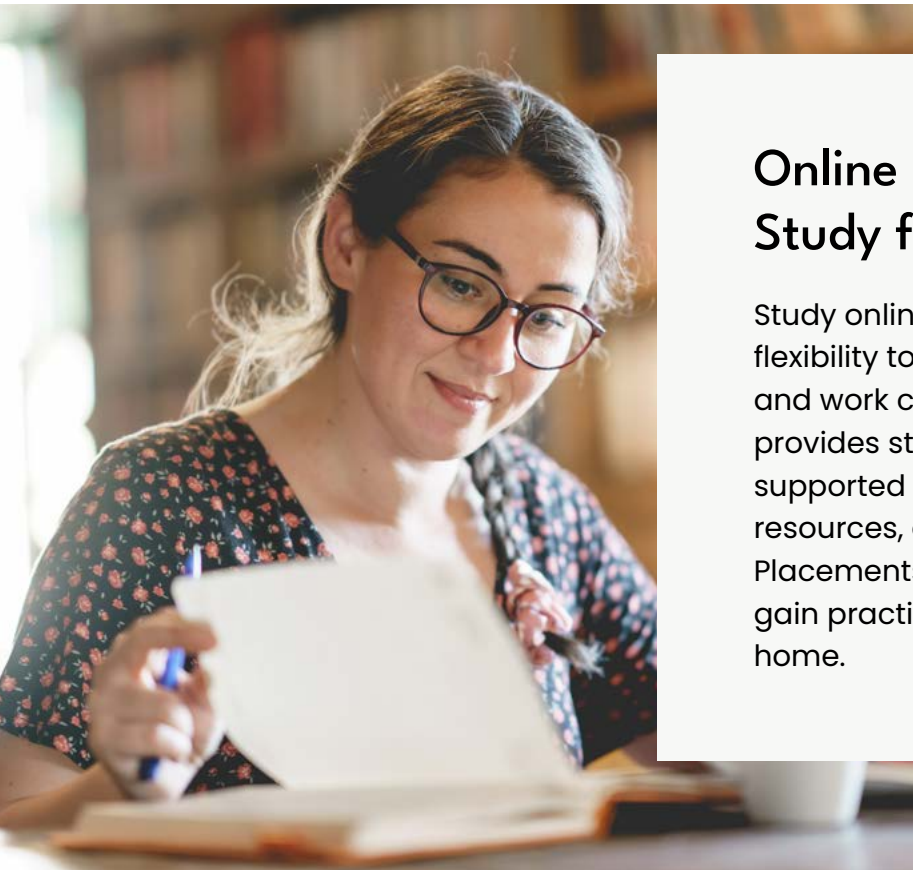

ITAC's Early Childhood Education and Care Combo integrates the CHC30121 Certificate III and CHC50121 Diploma into one streamlined, accelerated program. You'll graduate with both qualifications in around 9 months, compared to 18 months or longer if studied separately elsewhere. This dual qualification positions you effectively for all roles in childcare, from entry-level educator to leadership and management positions.

The Combo covers foundational childcare practices through to curriculum development, leadership strategies, and child wellbeing. Assessments include practical tasks closely aligned with real childcare settings, complemented by short-answer questions. Structured placements give you critical real-world experience and practical skills across different age groups, significantly enhancing your employability. The flexible 18-month enrolment period lets you tailor your studies around other life commitments.

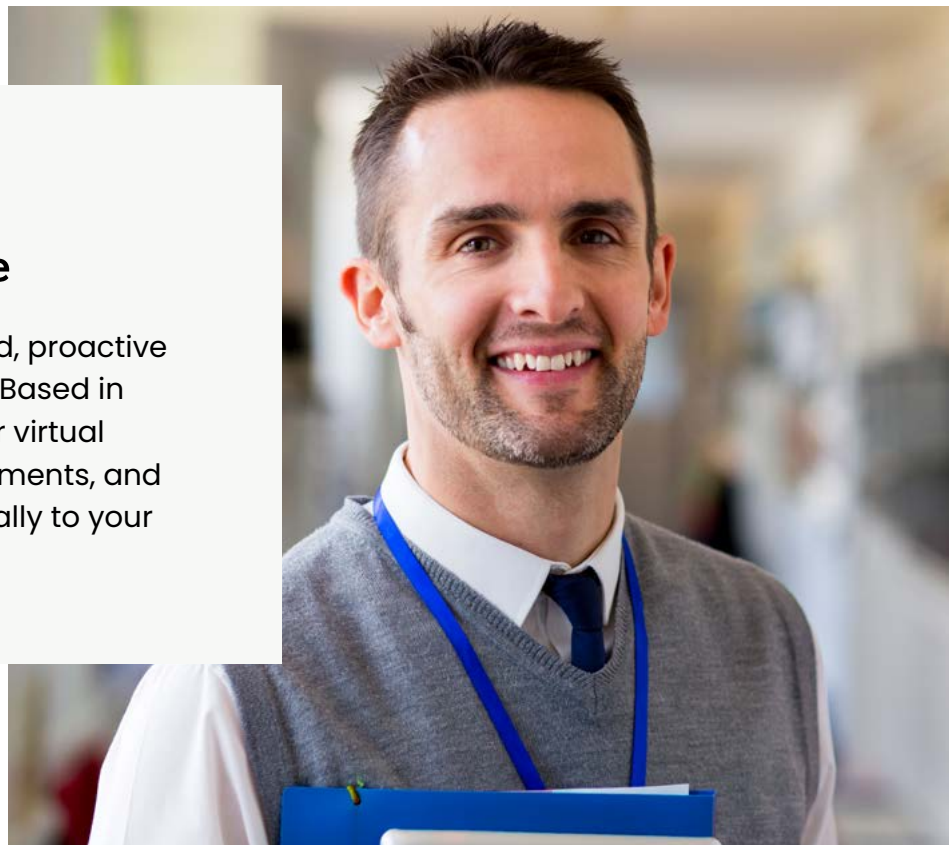

## Online Mode: Flexible Study for Busy Adults

Study online at your own pace, with maximum flexibility to fit your studies around personal and work commitments.
